Re: BOC Meeting Agenda Summary for R & O 2019-045 Stayton Bridge Boat Ramp Grant Agreement and R & O 2019-050 Request for Invitation to Bid (ITB) to Replace the Boat Ramp

---

- **R & O 2019-045 Stayton Bridge Boat Ramp Grant Agreement:** I am requesting that Linn County enter into a Grant agreement with the Oregon State Marine Board (OSMB) to fund the replacement of the Stayton Bridge Boat Ramp on the North Santiam River. The boat ramp was damaged during the winter of 2015-16 and requires replacement. This project was included in the Parks Department's 2018-19 Budget. The total project cost estimate is $230,000. The OSMB grant agreement would fund approximately $99,010.00 of the project cost. FEMA will fund approximately $120,000.00 and Linn County Park will fund the remaining $10,000 from the County Forest Fund. No County General funds will be used to complete this project.

- **R & O 2019-050 Stayton Bridge Boat Ramp ITB:** I am requesting permission to issue an invitation to bid for the Stayton Bridge Boat Ramp Replacement Project. The project cost is estimated to be $230,000 and would be paid for through funding from the OSMB, FEMA, and the Linn County Parks Forest Fund. The Stayton Boat Ramp was damaged due to flooding in 2015-16 and is in need of replacement.

- OSMB and FEMA previously provided funding for all the necessary hydraulic analysis, engineering, design work and permit costs. The project is scheduled to begin the Spring of 2019 and completed by Fall of 2019. The in-water permit work period for this project is July 15th through August 31st.

- This project will include demolition and removal of the original ramp and reconstruction of a new wider, longer ramp slightly downstream from the current ramp. The new ramp design changes the angle of the ramp to River allowing safer and easier boat launching and retrieval.

Re: Expansion of the Linn County Enterprise Zone

I am requesting that you approve the expansion of the enterprise zone as described below.

Recent opportunities have developed which have prompted me to ask for this action;
We have been working with a business that wants to expand their operation and another that wants to locate near the UP rail line; neither of the project sites are in the zone. The first business is in the nursery industry. Their business is growing, and they anticipate future expansion as well as their current project. Also, an industrial user is interested in the rail served site. This property was recommended by UP rail staff and would be a perfect site for them. They are an East Coast company looking for a West Coast location.

The above two pending projects initiated the boundary change process.

By including the potential project sites, we might encourage new investment which has the potential to grow the economy and add good paying jobs. Tentative projects might be encouraged to proceed by being able to take advantage of enterprise zone benefits.

In addition, by being able to include more industrial property we can respond sooner to potential projects without having to go through the process of amending the enterprise zone again.

As co-sponsors, I request that you pass a resolution approving the amendment. This could be at a regular meeting which also serves as a public hearing, which is required to amend the enterprise zone.

I will be happy to attend a work session to discuss this process if you feel it is necessary, prior to your public hearing and will certainly be present at the public hearing to answer any questions.

The taxing districts were notified by letters mailed on December 27th, 2018 which means the required 21day notice to them has passed. Therefore, your public hearing can be held any time after receiving this request.

A draft resolution is also enclosed. Exhibit A, the property map referred to in the resolution is attached.

Thank you for your cooperation. By working together on economic development efforts such as this we can help build better communities for all of us.

Sincerely,

John Pascone

Re: Modification of the Albany Enterprise Zone

I am requesting that you approve the changes to the enterprise zone as outlined below.

In 2018, the new Albany Enterprise Zone (Urban) received designation. Due to an oversight during our planning and in our designation application we included property in North Albany which meant that we would need to use Benton County wage statistics in our Extended Agreements.

We have been working with a business that wants to build a new facility in Albany, they might qualify for the Extended Benefit, but we discovered that because we inadvertently included some Benton County property in North Albany when we were going through the new designation, we are required to use the much higher Benton County Average Annual wage as the income benchmark for Albany projects.

This higher wage requirement might not allow this firm or others to qualify for the extended benefit, making the incentive less effective or attractive.

Our modification, officially referred to as a "boundary change", will remove North Albany (Benton County) property from the Albany Enterprise Zone.

As co-sponsors, I request that you pass a resolution approving the amendment. This could be at a regular meeting which also serves as a public hearing, which is required to amend the enterprise zone.

I will be happy to attend a work session to discuss this process if you feel it is necessary, prior to your public hearing and will certainly be present at the public hearing to answer any questions.

RE: **2019** – Yearly Appointment of Tax Collector & Budget Officer

In regard to the Budget Officer appointment, it was determined last year that the term would be for the fiscal year July 2018 thru June 30, 2019. However, I neglected to have the Resolution prepared in July for your approval; I could always back date the term to July 1, 2018.

Typically, I prepare the Resolution & Orders to be approved at the first Board meeting in January; which would be

	Appointment	Current	Action	Approval		
				Roger Y N	Will Y N	John Y N
19-042	Budget Officer	Michelle Hawkins	Reappoint (back date R & O effective July 1, 2018)	✓	Y	Y
19-043	Tax Collector	Andy Stevens	Reappoint	✓	Y	Y

COMMENTS: Roger informed me to move forward w/ the two appointments noted above.
