

### **John Cummings – Partnership Specialist (PS)**

I have a long career in both public and private sectors. Prior to joining the Census, I was a Large Bank Examiner, working for the Office of the Comptroller of the Currency, stationed in Pittsburgh, PA. During the financial crisis, I served with the Federal Deposit Insurance Corporation in a variety of roles closing down failed banks, paying depositors, and liquidating assets. My time at the FDIC took me from Irvine, CA to Jacksonville, FL, and finally to Dallas, TX.

I began my career as an Operations Forecaster at General Dynamics. Soon, my attention turned to the mortgage sector, and I joined Fannie Mae as Senior Negotiator in Los Angeles, CA. I have performed various secondary marketing roles for a variety of companies, both large and small including Wells Fargo, GMAC-RFC, BancBoston, Prudential Home Mortgage, Bear Stearns, Shearson Lehman, and California Federal.

A business major, I graduated from Cal Poly, Pomona with a bachelor degree, and an MBA from Northern Arizona University.

I currently live in Salem, OR, close to my two adult children.

# How It Will Work

Nearly every household will receive an invitation to participate from a postal worker or a census worker

 95% of households will receive their census invitation in the mail.

# How It Will Work

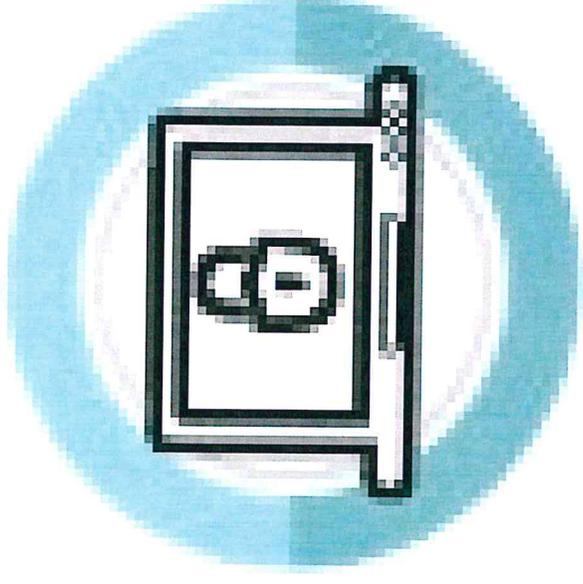

**Almost 5%** of households will receive their census invitation when a census taker drops it off. In these areas, the majority of households may not receive mail at their home's physical location (like households that use PO boxes or areas recently affected by natural disasters).

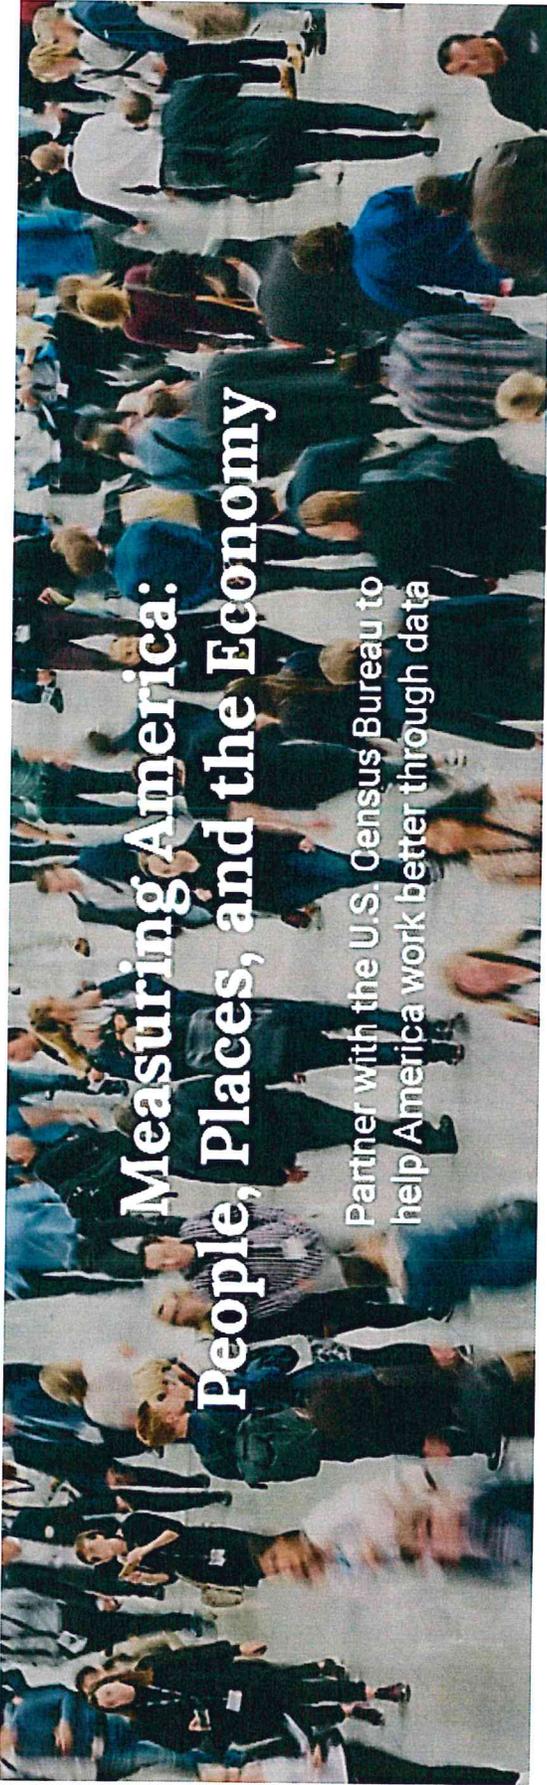

**Less than 1%** of households will be counted in person by a census taker, instead of being invited to respond on their own. We do this in very remote areas like parts of northern Maine, remote Alaska, and in select American Indian areas that ask to be counted in person.

# Private and Confidential

- Data reported in aggregate only
- Prohibited by law from releasing personal information to any person or organization (Title 13 and Title 26) \*
- Life-time oath by all Census Bureau employees
- Penalties for wrongful disclosure: up to 5 years imprisonment and/or a fine of \$250,000

## MEMORANDUM

**DATE:** March 26, 2019  
**TO:** Linn County Commissioners  
**FROM:** Fred Abousleman, Executive Director,  
Oregon Cascades West Council of Governments (OCWCOG)  
**RE:** Update on OCWCOG Activities and Programs

---

### Transportation Services

- Albany Area Metropolitan Planning Organization (AAMPO)  
AAMPO has seen many changes over the past few months – new Staff came on board in January; AAMPO prepared the *Federal Fiscal Year 2020 Unified Planning Work Program (UPWP)* and presented it to State and Federal partners on March 1st; Staff is preparing for a joint Technical Advisory Committee (TAC) meeting with CAMPO; and Staff is beginning preparation of the *FY2021-2024 Metropolitan Transportation Improvement Program / State Transportation Improvement Program (MTIP/STIP)*. Staff recently completed the *Annual Accomplishments Report*, and has begun work with the Department of Land Conservation and Development and the Oregon Department of Transportation (ODOT) on a Scenario Planning project as part of the *Oregon Sustainable Transportation Initiative*.

Additionally, the AAMPO Technical Advisory Committee has been working towards developing and refining potential project scopes for use of previous year's newly available carryover funds. The Policy Board has continued to process amendments to the *Transportation Improvement Plan* and has provided letters of support for regional transit projects requesting funding through the Statewide Transportation Improvement Fund (STIF).

- Cascades West Training Center  
In late January, CED launched the *Cascades West Training Center* website. Trainings have been provided for several years to brokerage service providers and is now being offered to public transportation providers and volunteers, in addition to Non-Emergent Medical Transportation (NEMT) providers.

Trainings are scheduled monthly and cover Community Transportation Association of America's (CTAA) Passenger Assistance Safety and Sensitivity (PASS); the National Safety Council's Defensive Driving; and First Aid, CPR, and Blood Borne Pathogens. Additional trainings can be added to accommodate specific agency needs. Staff is already working with Albany Transit System to set up training for their employees. Public transportation providers may be eligible for reimbursement through the National Rural Transportation Assistance Program (RTAP) administered by ODOT. For more information, visit [www.OCWCOG/Training](http://www.OCWCOG/Training).

- Cascades West RideLine (RideLine)  
RideLine continues to provide high levels of non-emergent medical transportation assistance. In the period of December 2018 through February 2019, 3,894 RideLine clients took a total of 49,684 trips. Most of these trips were sedan (30,541) trips or mileage reimbursements (12,215).

Most transportation services are for physical, mental, and dental health, with the single highest concentration of transportation services around alcohol and drug treatment, and mental health. A breakdown of trips made in Linn County is here:

	<b>Trips</b>	<b>Clients</b>
<b>Linn County</b>	31,872	2,288
Change from Last Reporting Period	980 less	6 more
<b>Regionally</b>	49,684	3,894
Change from Last Reporting Period	1,704 less	30 more

In total, nearly 62,431 individuals are eligible for transportation assistance in OCWCOG’s tri-county Region, including 34,556 in Linn County (2,593 Oregon Health Plan (OHP); 28,727 InterCommunity Health Network Coordinated Care Organization clients; plus, other Linn County residents on OHP with another Coordinated Care Organization total 3,236).

- Measuring Multimodal Network Connectivity  
AAMPO and the Corvallis Area Metropolitan Planning Organization (CAMPO) have begun working in earnest on the Federal Highways Administration project, *Measuring Multimodal Network Connectivity*, after a delay due to staffing transitions and workload.

Staff have compiled most of the data needed and are working through Phase I of the project, which includes defining the study area; Phase II will start in April. The project examines how to prioritize bicycle and pedestrian improvements across the two MPO Regions, based on several factors, including existing infrastructure, population density, and employment centers.

- STIF Discretionary Grants  
OCWCOG’s Community and Economic Development (CED) Department submitted two grants as part of the *STIF*, which is new dedicated money for transit expansion, included in Oregon House Bill 2017 passed in the Oregon Legislative in 2017.

The first project aims to provide a “Seamless Transit Experience,” for residents and visitors across OCWCOG’s Lincoln, Benton, and Linn Region. This entails working with the six transit providers to provide real-time bus information for all buses; development of a mobile ticketing application that can be used across all of the providers; and creating a centralized information portal. In addition, the project proposes to streamline paratransit eligibility, and driver and passenger training for the transit providers in the Region.

The second project involves a feasibility study and proof of concept for operating transit along the 99W Corridor from McMinnville to Junction City. This route would provide service to rural communities currently unserved, as well as connect the three largest metropolitan regions in Oregon (Portland, Salem, Eugene) with regular public transit. As a priority project in the *Benton County Transportation System Plan*, OCWCOG is excited to work with community partners on improving transportation in the Region.

CED expects to hear about both grants this August.

## Community Services Program

- Meals on Wheels (MOW)

	<i>November and December 2018, and January 2019</i>	<i>November and December 2018, and January 2019</i>
<b>Linn County</b>	1,928 individuals	29,285 meals
Change from Last Quarter	47 less	559 less
<b>Regionally</b>	3,388 individuals	49,859 meals
Change from Last Quarter	No change	858 less

- Older Adult Behavioral Health Initiative (OABHI)

OABHI recently completed its semi-annual site visit with the State, reviewing local survey data and work to improve client outcomes. Progress against identified goals includes successful completion of a hosted professional conference in October 2018, and the addition of mental health intervention and complex case consultation in Lincoln County at the NESS Club, an adult day program. A series of *Mental Health First Aid (MHFA)* trainings are scheduled for OCWCOG staff and CSP volunteers through June 2019.

- Senior Companion Program (SCP)

The Corporation for National and Community Service (CNCS) recently sponsored a national study, collecting data from 1,200 first-time *Foster Grandparent Program (FGP)* and *Senior Companion Program (SCP)* volunteers. Volunteers reported significantly higher self-rated health scores, compared to older adults in similar circumstances who do not volunteer.

Social isolation is recognized as a critical public health crisis; it is known that among older adults, a sense of social connectedness can provide important health benefits. Eighty-eight (88) percent of volunteers who first reported a lack of companionship reported a decrease in feelings of isolation. Additionally, 84% reported improved or stable health after serving as a volunteer in one of the Senior Corps Programs.

For the month of January 2019:

	<b>Regionally</b>	<b>Linn County</b>
<i>Hours</i>	511	287

- Foster Grandparent Program (FGP)

OCWCOG's *FGP* recruits and matches volunteers to children aged five to 18. The program is intergenerational, providing volunteers age 55 and over the opportunity to mentor, nurture, and support children with special or exceptional needs, or who are at an academic, social, or financial disadvantage. OCWCOG leverages the skills of Foster Grandparents to improve school readiness and help children gain academic confidence to excel in school.

For the month of January 2019:

	<b>Regionally</b>	<b>Linn County</b>
<i>Hours</i>	2,138	1,548

- Retired Seniors Volunteer Program (RSVP)  
 RSVP is America's largest volunteer network for people age 55 and over. RSVP volunteers choose how, where, and how often they want to serve.

For the month of January 2019:

	<b>Regionally</b>	<b>Linn County</b>
<i>Hours</i>	4,030	2,211

RSVP program funding runs on a three-year cycle. OCWVOG's application for the next three-year period, beginning July 1, 2019, has been approved by the Corporation for National and Community Service (CNCS) for a grant award. Per CNCS, the funding amount will be awarded just prior to the start of the funding cycle.

- Senior Health Insurance Benefits Assistance (SHIBA) Program  
 SHIBA volunteers who provided one-on-one counseling to a total of 955 clients in the Region. SHIBA served 284 clients in Benton County, 326 in Lincoln County, and 345 in Linn County for a total of 1,676 hours of free Medicare counseling services.

<b>County</b>	<b>Clients Served</b>	<b>Hours (January)</b>	<b>Clients Served</b>	<b>Hours (February)</b>
Benton County	59	64	94	43
Lincoln County	58	69	64	93
Linn County	89	94	105	101
<b>Total Clients</b>	206	227	263	242

During the month of January 2019, SHIBA provided free Medicare options counseling to 196 local seniors, with counseling sessions held in all three Counties. Between January and June 2019, SHIBA volunteers will teach eight New-to-Medicare seminars at locations in all three Counties.

## Senior and Disability Services

- Adult Protective Services (APS)

	Regionally		Linn County	
	<i>Complaints Received About Possible Abuse</i>	<i>Cases That Were or Are Still Being Investigated</i>	<i>Complaints Received About Possible Abuse</i>	<i>Cases That Were or Are Still Being Investigated</i>
January 2019	272	139	233	135
February 2019	224	122	186	105
Total	496	261	419	240
Change from Last Report	142 more	91 more	154 more	234 more

Over the last two months, OCWCOG’s APS program has experienced its highest call volume. APS has been in contact with the Districts (like OCWCOG that run APS programs) across the State and most of the Districts are seeing a similar increase in the number of complaints and cases reported. While there is not a concrete reason for this increase, several factors include:

- The recent holiday season;
- An increase in family contacts with those who are older or who have a disability; and
- Two memory care facilities in the Region are struggling.

The memory care facilities, specifically one in Linn and one in Benton County, are struggling with multiple issues, such as medication administration, falls, and unreported incidents. These instances have left APS scrambling to cover all concerns. APS is working with the State of Oregon – Licensing Safety, Oversight, and Quality Unit (SOQ) to intervene and work with those facilities.

- Aging and Disability Resource Connection (ADRC)

	Unduplicated Consumers	Total Number of Calls for the Region*	Total Number of Calls for Linn County*
January 2019	708	838	407
February 2019	620	745	384
Total	1,328	1,583	791
Change from Last Report	85 more	86 more	27 more

\*Total Number of Calls – includes emails, faxes, mail, in-person, other, and unspecified contacts with OCWCOG staff.

- Capitol Hill Visits a Highlight of N4A’s Aging Policy Briefing

The National Association of Area Agencies on Aging (N4A) held its annual *Aging Policy Briefing* in Washington, DC this month with more than 150 advocates from around the nation. This year’s session was especially relevant given the impending reauthorization of the Older Americans Act (OAA). Both the U.S. House and Senate are starting these conversations.

A reception held the first night of the event was especially relevant to Oregonians as Representative Suzanne Bonamici, who represents Oregon’s First Congressional District received N4A’s Advocacy in Aging award. This award recognizes advocacy and policy leaders who do important work and championship on behalf of older adults, caregivers, and the network.

The Congresswoman has led an effort for several years to circulate a key letter and OAA funding request among her colleagues during the annual appropriations process. This has been instrumental to securing recent funding increases for OAA programs. She also serves an important role on the House Education and Workforce Committee, which has jurisdiction over OAA reauthorization efforts.

On the second day of the event, Oregon Advocates engaged the State delegation including visiting the offices of Representatives Kurt Schrader, Peter DeFazio, and Bonamici. Advocates asked for their engagement in the reauthorization process and their support of increasing OAA funding which allows so many of our community members to continue to age in their own homes independently and safely.

- Oregon Secretary of State Releases *Follow-Up Report on 2017 In-Home Program Audit*  
In February, the Oregon Secretary of State's office issued a *Follow-Up Report* to an October 2017 audit of Oregon's *In-Home Care Program*. The *In-Home Care Program* utilizes Homecare Workers (HCWs), to provide services and supports such as bathing, shopping, housekeeping, and medication management to seniors and people with disabilities in their own home.

At the time of the audit in 2017, OCWCOG shared the highlights of the findings, which identified the success or failure of the *In-Home Program* being dependent on the consumer, the case manager, and the HCW all being capable, competent, and supported in their role.

The *Follow-Up Report* regarding the *In-Home Care Program* finds that Oregon's Department of Human Services' Office of Aging and People with Disabilities (APD) has made progress implementing four of the eleven recommendations that they agreed to, but significant work is needed to implement the remaining seven recommendations. State APD leaders will respond to the *Follow-Up Report* and address concerns about areas that they have not made progress.

According to the Secretary of State, the purpose of the *Follow-Up Report* is to assess the impact of the audit work; promote accountability and transparency within State government; and ensure audit recommendations are implemented and related risks mitigated to the greatest extent possible.

The Care Planning Committee, a joint Committee of Disability and Senior Services Advisory Council members, has been working on ways to support better oversight and quality of the program locally, including learning more about the orientation HCWs go through when they join the workforce; becoming more knowledgeable about program requirements of the *In-Home Care Program*; and providing input to the State HCW training curriculum, which was mandated by the Legislature through HB 1534.
