(4) “**Workplace**” or “**in the workplace**” means a site for the performance of work done in connection with employment by Linn County; workplace includes County property, vehicles, equipment and any other place, without regard to ownership, where County work is performed.

(5) “**Under the influence of alcohol or any illegal non-prescription drug**” means that the employee’s physical or mental faculties are

affected to a noticeable or perceptible degree, because of use of alcohol or illegal non-prescription drugs. For alcohol, a blood alcohol content of .04% percent or higher shall constitute conclusive evidence that an employee is under the influence of alcohol.

(B) *Policy:*

(1) Except as provided in (E) (4), it is against the policy of Linn County for any county employee to use or be under the influence of alcohol or any illegal non-prescription drugs in the workplace at any time. Violation of this policy can be grounds for disciplinary action, including discharge. The County has provided County paid health insurance that includes coverage for alcohol and drug related problems. The County encourages employees to use those benefits when needed. Employees are urged to seek counseling.

(2) In compliance with the Drug-Free Workplace Act of 1988, it shall be the policy of Linn County to maintain an alcohol-and-drug-free workplace for all employees of Linn County. The County is committed to maintaining a safe and healthy workplace for all employees by identifying substance abuse and assisting employees in receiving appropriate treatment and, if necessary due to job performance, taking disciplinary action. The presence or treatment of a substance abuse problem will not necessarily relieve an employee from meeting performance, safety, or attendance standards or following other county instructions, nor from compliance with the provisions of this Section.

(3) The primary objectives of the County's substance abuse program are to maintain employee performance and a safe work environment.

(4) Employees with substance abuse problems are encouraged to voluntarily seek help through the County's Employee Assistance Program (EAP), which is available at no cost to employees or their family, or by other means.

(C) *Prohibited Conduct:* The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or alcohol is prohib-

ited in the workplace. The following are examples of prohibited conduct under this policy:

(1) Buying, selling, providing, or possessing for the purpose of buying, selling, or providing controlled substances, including marijuana, while in the workplace, property or in County vehicles or equipment while on duty, but excluding activity connected with the dispensing, distributing or delivering by the Linn County Department of Health Services of those controlled substances lawfully prescribed by a physician or other health care professional with prescribing privileges.

(2) Being at work in the workplace while under the influence of alcoholic intoxicants or consuming alcoholic intoxicants.

(3) Possession of any controlled substance, while in the workplace, including marijuana, but excluding any substance lawfully prescribed to the employee for the employee's use which has not been obtained for the purpose of abuse and any controlled substance which is required to perform employer-assigned duties.

(4) Being at work in the workplace while under the influence of any controlled substance, including marijuana, excluding any substance lawfully prescribed to the employee for the employee's use which has not been obtained for the purpose of abuse.

(5) The consumption of alcohol or use of any illegal non-prescription drug by a county employee, from the beginning of his or her work shift to the end of the work shift is prohibited. This prohibition applies to a paid or unpaid lunch period or rest break, in addition to time actually on the job. Violation of this subsection is grounds for disciplinary action, including discharge.

(6) Possession of any alcohol in the workplace if the seal of the alcohol container is broken. Possession of alcohol in the workplace in a container with an unbroken seal does not constitute prohibited conduct under this policy.

(D) *Requirements:* As a minimum, employees arrested for criminal acts which relate to controlled substances or alcoholic intoxicants which would prevent the employee from being able to carry out that employee's normally assigned duties

and responsibilities or which occur in the workplace should report said arrest to the County within five (5) working days of the arrest. Employees must report convictions for said criminal act to the County within five (5) working days of the conviction. Convictions which result from occurrences while in the workplace will be reported to the applicable federal agency which provided a grant to the County within ten (10) days of the County learning of the conviction.

(E) *Sanctions for Violation of this Policy:*

(1) Within thirty (30) calendar days of learning of the conviction or other conduct prohibited by this policy, appropriate personnel actions will be taken by the County, up to and including discharge of the employee. The County may offer the employee an alternative of participation in a substance abuse assistance or rehabilitation program. Sanctions will be handled on a case-by-case basis subject to applicable provisions of collective bargaining agreements as they may apply.

(2) As a minimum, County employees who report for work while under the influence of alcohol or any illegal non-prescription drug, will be sent home for that shift; if it is a first offense, the employee will have the option of taking a day without pay, or as a vacation day, if he or she has accrued vacation credit; a subsequent offense is grounds for disciplinary action, including discharge.

(3) Refusal by a County employee to submit to a breath test or urinalysis for drug or alcohol testing when requested by his or her supervisor is grounds for discharge. A County employee subject to discharge under this rule is entitled to a due process hearing, at which the appointing authority must show there was reasonable cause to believe that the employee violated subsection (C) of this section, and that the test of breath or urine is likely to have provided evidence of that violation.

(4) Subsection (B) (1) of this section does not apply to consumption of alcohol in a County park when and where consumption of alcohol is permitted, by a County employee who is not on duty.

(5) The prohibition of subsection (C) does not apply to a Sheriff's deputy officially assigned to undercover duty, during the course of that duty. [Adopted 92-263 eff 6/1/92; amd 94-504 eff 11/29/94; amd 94-611 eff 11/29/94; amd 15-247 eff 7/14/15]

### **20.390 Leaves authorized by Federal or State laws**

(A) Both federal and state law provide guarantees for employee leaves of absence related to family, parental and pregnancy needs. The county

recognizes those employee needs and fully supports the provisions of the various statutes and any future amendments. The county requires that the eligibility and optional notice requirements of the various statutes be complied with and, in the situation where two (2) county employees from the same family are seeking leave, the total leave allowed would be subject to the optional restrictions in the various statutes.

(B) When a condition exists which is covered by more than one of the statutes discussed in subsections (E) through (G) of this section, a maximum of twelve (12) weeks of leave will be allowed.

(C) The certification requirements detailed in LCP 20.340(C) (5) also apply for these leaves to include relatives as the situation requires.

(D) With the exception of health benefits, the leaves of absence are without pay or accrual of benefits if the employee is not utilizing sick, compensatory or vacation leave. The county will pay its portion of up to a maximum of three (3) monthly health (medical, vision, dental) insurance premiums during these family, parental and pregnancy leaves. These payments will only be made after the employee has either utilized all available sick, compensatory and vacation leave or, at the employee's option, reached a leave balance of not more than ten (10) days of sick, compensatory or vacation leave; i.e. the employee can save ten (10) days of leave if desired for use upon return. The employer premium payment would only be continued in this situation if the employee continued to pay the appropriate employee share of the health insurance premium or as required by the various statutes.

(E) *Federal Family Medical Leave.* The Family and Medical Leave Act of 1993 (FMLA) provides employees with up to twelve (12) weeks of leave per year for an employees serious illness; the birth, adoption or foster child care of a child; or caring for a sick spouse, child or parent. The "plan year" for the leave is the calendar year, January 1 through December 31.

(F) *Oregon Family Medical Leave.* ORS 659.360 through 659.570 (the Oregon Family

Medical Leave Act, OFMLA) provides employees with up to twelve (12) weeks of leave within a two-year period for the care of any family members who suffer serious health conditions.

(G) *Oregon Parental Leave (OPLA)*. ORS 659.360 through 659.370 (the Oregon Parental Leave Act, OPLA) provides employees with up to twelve (12) weeks (total of combined leave time for the mother and father) of leave following the birth of a child, or the adoption of a child under the age of six.

## CHAPTER 4 — COMPENSATION

---

---

### 20.400 Maintenance of compensation plan

(A) The Board of Commissioners has adopted and shall maintain a compensation plan providing for each position, in the classified, management/exempt and represented services, a classification, a corresponding range of pay rates, a minimum, a maximum and intermediate steps. The pay ranges shall reflect the responsibilities of the position, availability of labor, prevailing market rates of pay and the financial conditions of the county. The Board of Commissioners shall, by the plan, fix the compensation of all classifications within the classified and management/exempt services and in the case of the represented services, shall, through collective bargaining, fix the compensation of all classifications within the represented services. In determining the amount of compensation thereof, the Board of Commissioners should give due consideration to the recommendations of salary surveys and the appointing authority.

(B) The County Budget Committee shall set the salary of all those in the elected service over whom they have total jurisdiction and shall set the county paid portion of the salary of those in

elected service over whom they have limited jurisdiction. In setting such salaries, the Budget Committee shall give due consideration to the recommendations made by the County Compensation Board created pursuant to ORS 204.112.

[Adopted 94-611 eff 11/29/94; amd 16-212 eff 6/22/16]

### 20.410 Administration of compensation; payment of wages

(A) *Definitions*. As used in this section, the following definitions shall apply:

(1) “**Pay period**” means the period of time beginning on the first day of each calendar month and ending on the last day of the calendar month for which an employee is entitled to receive pay.

(2) “**Pay day**” means the fifth (5th) day of each pay period.

(B) *Payment of wages*. Employees shall be paid no later than the fifth (5<sup>th</sup>) day of each month following the month of the pay period. Should payday fall on a Saturday, paychecks will be delivered to employees on the next preceding workday that is not a holiday as defined in LCP 20.250 (A) (1). Should payday fall on a Sunday, the county will make every effort to deliver paychecks on the next preceding workday that is not a holiday as defined in LCP 20.250 (A) (1), but in no event will paychecks be delivered to employees later than the first workday following payday. In an *absolute* emergency, such as a death in the family, an employee may request, in writing, full pay in advance, up to the sum of unpaid salary earned and the monetary value of accrued vacation leave, less deductions. Such emergency pay shall be granted only upon written application, approved by the appointing authority.

(C) *Rates of pay*: Each employee with the exception of temporary employees shall be paid at one of the steps in the salary range for the classification of the position in which that employee is employed.

(1) *Entrance salaries*: The minimum rate of pay for a class shall be paid upon appointment, unless the appointing authority believes that it is

necessary to make an appointment above the minimum rate or a training position salary is being established. The appointing authority is authorized, if necessary, to make an appointment at Step 2 of the classification salary range. However an entrance salary above that rate shall be approved in advance by the Board of Commissioners and prior to actual appointment.

(2) *Hourly rates of pay*: An appointing authority may request hourly rates of pay when conditions of employment warrant hourly rates rather than monthly rates. However, only after the Board of Commissioners grants approval in writing of hourly rates may an appointing authority utilize such rates.

(3) *Rate of pay on transfer to a class with the same salary range*: When an employee transfers, or the employee's position is reclassified, to a class having the same salary range, the employee's rate of pay will not be reduced involuntarily.

(4) *Rate of pay upon promotion or reclassification*: When an employee is promoted or in a position that is reclassified a classification with a higher maximum salary rate, the employee shall be placed on a step in the new range that will provide the equivalent rate of one-step salary increase but no less than the minimum of the new range. The date of such promotion or reclassification shall establish a new anniversary date which shall be (six) 6 months after the promotion or reclassification. The employee shall be advanced to the next step of the salary range on the first of the month after six (6) full continuous months of successful service in the class.

(5) *Rate of pay on downward reclassification*: If an employee's position is reclassified downward, that employee's salary rate may remain the same if it does not exceed the maximum rate for the new class. If a position is reclassified to a class that carries a lower salary range, the rate of pay of an incumbent employee whose salary is above the maximum rate for the lower class shall not be reduced. Such employee's salary shall not be increased by cost of living adjustment or otherwise, during the period of time that the

employee is being paid at a rate that exceeds the maximum provided for the lower class to which the employee's position has been assigned.

(6) *Rate of pay on voluntary demotion*: If an employee takes a voluntary demotion, the employee's salary shall be set by the Board upon recommendation of the appointing authority, within the range of the lower classification. The voluntarily demoted employee shall be eligible for a salary increase on the employee's anniversary date except if the employee is at the highest step of the salary range.

(7) *Rate of pay on appointment from layoff list*: When an individual is appointed from a layoff list to a position in the same class in which the person was previously employed, the employee shall be paid at the same salary step at which such employee was being paid at the time of layoff.

[Adopted 94-611 eff 11/29/94; amd 89-471 eff 9/6/89]

## **20.420 Salary increases**

(A) *Types of salary increases*: Salary increases may be given in the following eight (8) circumstances:

- (1) successful completion of entrance probation or promotion probation;
- (2) entrance into promotion probation;
- (3) merit increase;
- (4) special salary increase;
- (5) cost of living increase;
- (6) longevity pay;
- (7) certification pay; and
- (8) bilingual pay. Employees approved for bilingual pay shall receive an additional five percent (5%) of salary.

(B) *Upon successful completion of entrance probation or promotion probation*. Upon successful completion of entrance probation or promotion probation pursuant to LCP 20.410 (C) (4), an employee shall be advanced one (1) step in the salary range on the first of the following month. This salary increase is indicative that the employee's performance is acceptable.

(C) *Upon entrance into promotion probation.* Upon entrance into promotion probation, a raise shall be as set forth in LCP 20.410 (C) (4).

(D) *Merit increase.* Merit increases shall be based upon the employee's performance appraisal. No employee shall be granted a merit increase except upon the written recommendation of the appointing authority. Consideration for merit increase shall first come at the employee's anniversary date and thereafter upon the anniversary of the last merit increase, or if no merit increase has been granted, upon the anniversary of the last increase. If the merit increase is not granted on the anniversary date, the employee's eligibility for that increase is retained for no longer than eleven (11) months beyond the anniversary date. If the increase is subsequently granted within the eleven (11) months, it shall be effective on the first of the following month and not be retroactive. When an employee is increased to the maximum rate for a class, that employee no longer has an anniversary date for a merit salary increase and shall not be eligible for merit increases since that employee has reached the maximum compensation level for that classification. Approval by the Board of Commissioners or appropriate elected official is required for all merit increases. A written evaluation approved by the appointing authority indicating meritorious performance is a prerequisite to approval by the Board of Commissioners of merit increases.

(E) *Special Salary Adjustments.* A special salary increase may be given under special circumstances. This type of salary adjustment shall not be used to give an employee a salary increase once the employee has reached the maximum step of the salary range for the employee's classification. The granting of a special salary adjustment will not affect the employee's anniversary date for annual increase. An appointing authority shall request of and receive permission from the Board of Commissioners before a special salary adjustment is granted.

(F) *Cost of living increases and decreases.* A cost of living adjustment may be granted by the budget committee during the annual budget

hearing and such adjustment shall be applied to the compensation plan adopted by the Board of Commissioners, except employees being paid at a rate greater than the maximum step of the range for their position, as adjusted by the cost of living increase, will be granted only such part of the cost of living increase that will bring the employee's salary to new maximum step of their salary range.

(G) *Longevity Pay.* All employees shall receive longevity pay as follows (shown as percent of salary):

- (1) After ten (10) years of service. . . . . 2.5%
- (2) After fifteen (15) years of service.. . . . 2.5%
- Total with both. . . . . 5%

(H) *Certification Pay.* All Sheriff's Office employees shall receive DPSST certification pay as follows (shown as percent of salary):

- (1) Intermediate DPSST Certification. . . . . 2.5%
- (2) Advanced DPSST Certification. . . . . 2.5%
- Total with both. . . . . 5%

### **20.430 Employee evaluation**

**(Not applicable to elected officials & their employees)**

In an effort to insure fairness to both the employee and employer, an evaluation of an employee's performance is required at least once annually until the employee reaches the top salary step in that employee's range, at which time an evaluation is required at least once every two (2) years. This annual evaluation should normally be completed during the three (3) week period prior to the employee's anniversary date or completion of the probationary period. An evaluation can be given at any time at the discretion of the appointing authority. The Board of Commissioners may require an evaluation of an employee to substantiate personnel action(s) requested by an appointing authority and shall require an evaluation when the personnel action is a merit increase.

[Adopted 94-611 eff 11/29/94 ; amd 04-435 eff 11/23/04]

### **20.440 Hourly rates of pay**

Hourly rates of pay may be used for those classes or positions where conditions of employment warrant. Rates set by such actions shall be an average annual hourly salary rate based on the

established monthly rates for the class involved, and governed by rules relating to monthly rates.

[Adopted 94-611 eff 11/29/94]

### 20.450 Daily rates of pay

(C) *Positions not eligible for overtime or additional time pay.*

(1) The Board of Commissioners may by order make and maintain a list of certain classifications that are ineligible for overtime or additional time compensation on the basis of the nature of the work or conditions of employment. The criteria for making such positions ineligible for overtime pay are identified by the Federal Fair Labor Standards Act (FLSA) and state law. Since those position classifications are subject to change which may result in additions or deletions, the list of ineligible classifications may not always be complete. The Board of Commissioners may amend the list from time to time by further order as it deems necessary. The list shall be published at the end of this Personnel Policy in Appendix 1.

(2) Positions created, or positions altered in character, after the date of adoption of this policy that are determined by the Board of Commissioners to be ineligible for overtime pay shall be identified as such in Appendix 1 found at the end of the Personnel Policy.

(D) *Additional time worked.* Employees other than those excepted by LCP 20.460 (C) shall be compensated for additional time worked, at the option of the appointing authority, either by payment in money, at the average annual hourly salary time, or in compensatory time off, on an hour for hour basis. If compensatory time off is to be taken, it must be taken within thirty (30) days of the additional time worked.

(E) *Overtime worked.*

(1) Employees other than those excepted by LCP 20.460 (C), shall be compensated for overtime worked by payment in money at the rate of 1.5 times the average annual hourly salary, or in compensatory time off at the rate of 1.5 times the time worked; whether the compensation will be paid in money or compensatory time off will be decided by the appointing authority or the appointing authority’s designee.

(G) Compensatory time off under this subsection shall be taken when scheduled by the appointing authority. With the consent of the appointing authority, compensatory time off may be accumulated during the calendar year up to the equivalent of two-working weeks off. (B) *Withdrawals; generally.* Subject to the exception in subsection (C) of this section, if an employee withdraws funds from PERS /OPSRP, the employee shall be considered to have separated from employment with the County. If the employee is reinstated, then the employee, in order to gain full status and continuous service credit, must redeposit the amount of funds withdrawn from PERS /OPSRP. (C) *Withdrawals by employees over 70.* Employees above the retirement age of seventy (70) may withdraw funds from PERS /OPSRP. Employees so withdrawing funds from PERS /OPSRP must comply with all PERS /OPSRP rules and requirements applicable to such withdrawal and must notify the County of the fund withdrawal.

(D) *Payment for sick leave upon retirement:*

(1) Upon retirement the county shall either:

(a) Advise PERS /OPSRP of the total number of accrued sick leave hours, one-half of which will be used in the computation of the employee's monthly retirement pay amount, or

(b) pay to the retiring employee, one-half of the amount of the money equal to the number, not exceeding 960, of unused sick leave hours accrued by the employee after June 1, 1977, multiplied by the employee's average annual

hourly salary at retirement, and thereafter inform PERS that zero hours of sick leave is accrued.

(c) Notification under subsection (D) (1) (a) of this section shall be made to PERS / *OPSRP* unless at least thirty (30) days prior to retirement, or such lesser time as may be allowed by the Accounting section of the General Administration Department, the employee requests in writing to the Accounting section of the General Administration Department, that payment under subsection (D) (1) (b) of this section is to be made to the employee.

Whatever decision is rendered by the Board of Commissioners is considered the final step in the grievance procedure provided by the county Personnel Rules. Failure or refusal by the employee to comply with the decision will be cause for suspension or discharged.

(B) *Failure to Comply with Appeal Procedure*: An employee who fails to comply with the procedural steps (1 – 4) of subsection (A) of this section loses his/her right to appeal the matter further, leaving intact the last decision.

(C) Employees discharged during the entrance probationary period are not entitled to file a grievance.
