Question 20 words which plainly phrases the chief purpose of the measure.

Shall Santiam Canyon School District improve safety, replace school, add vocational classrooms, issue general obligation bonds not exceeding \$17.9 million? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

If approved, this measure is expected to finance:

- Capital costs to enhance vocational and academic programs for junior high and high school students
- Security upgrades, to improve safety
- Construction of a new Junior/Senior High School to address overcrowding; replace a failing building, remove temporary portable classrooms
- New cafeteria at the Elementary School to improve instructional schedules
- Construction of office, library, core education spaces, and an auxiliary gymnasium
- Furnishing and equipping for the above projects, demolition of existing buildings, pre-project planning, site improvements, upgrades to existing high school buildings, and bond fees

The District would establish a citizen oversight committee to ensure proceeds are used for purposes indicated.

Bonds would mature in twenty-five (25) years or less from the date of issuance. Estimated levy rate is \$2.45 per \$1,000 assessed value. For the owner of a home with an assessed value of \$100,000, the estimated additional monthly cost would be \$20.42 per month, or \$245 per year. Actual rates may differ based on changes in interest rates and assessed values.
